Data Analysis Memo 3: The Variables

Due 3/29

Submit 2-3 double-spaced pages on Blackboard.

Describe your dependent and main independent variable(s), providing the following details:

- Describe the variables as they originally appear in the data you are using

- Describe any changes you may have made to the variables (recoding, combining variables, etc.)

- Provide descriptive information of the variables, e.g. a graph or summary statistics

In addition, provide a table of the control variables you intend to use. Provide information on: what the variables measure, their measurement level (nominal, ordinal, interval), and the source of the data (no need to provide detailed descriptive statistics for these controls).
